We have built our reputation on outstanding design concepts, value management and timely project delivery. We have the suitable resources and experience to meet the needs of a wide variety of client

OUR VISION

Our vision is to be the premier provider of seamless and tailored supply solutions, empowering organizations to excel by simplifying procurement and ensuring top-quality products, all while upholding the highest standards of professionalism.

OUR MISSION

We want to become a globally renowned supply solutions provider in the fields of MEP, HVAC Systems, Telecommunication, and Information Technology Infrastructure. We aim to simplify procurement, offer top quality products, and enable organizational excellence in these sectors. Upholding professionalism as our cornerstone, we aspire to be the trusted partner that streamlines supply processes, empowering our clients to thrive."

CORE VALUES

- We prioritize our clients' needs above all else, striving to deliver exceptional solutions tailored to their preferences.
- We uphold the highest standards of professionalism in every aspect of our business, ensuring trust, reliability, and integrity in all our interactions.
- We are committed to simplifying procurement processes, making it easy for our clients to access top-quality products seamlessly.
- We continuously seek innovative ways to improve and expand our supply solutions, staying at the forefront of industry advancements.
- We empower organizations to excel by providing the resources they need to thrive and succeed in their respective sectors.
- We are dedicated to building a world-famous company in our industry, setting a standard of excellence that transcends borders.

Legendary vision

BUILDING MANAGEMENT SYSTEM

A Building Management System (BMS), or Building Automation System (BAS), centrally monitors, controls, and enhances building services for efficiency and security. Our BMS services benefit residential, commercial, and industrial buildings.

At Legendary Vision, we understand that the foundation of any building rests upon the expertise of Mechanical, Electrical, and Plumbing (MEP) systems. We specialize in offering top-tier EPC and Design & Engineering services to the residential, commercial, & industrial construction sectors. Our commitment to quality, efficiency, and client satisfaction sets us apart as industry leaders.

Legendary vision

BMS SERVICES

HVAC CONTROL

Real-time monitoring and regulation of temperature, humidity, and air quality.

SECURITY & ACCESS

Centralized monitoring and rapid response to security systems.

OCCUPANCY MANAGEMENT

Energy-saving adjustments based on occupancy.

COMFORT OPTIMIZATION

Create a comfortable indoor environment.

ENERGY MANAGEMENT

Efficiently manage energy consumption and costs.

FIRE & LIFE SAFETY

Integration of fire detection & response systems.

REMOTE MONITORING

Control systems remotely for convenience.

INTEGRATION

Seamless communication between different systems.

LIGHTING CONTROL

Intelligent lighting adjustments for energy savings.

BUILDING MAINTENANCE

Predictive maintenance for prolonged system lifespans.

DATA ANALYTICS

In-depth insights into energy usage & system performance.

MECHANICAL SYSTEMS (⚙️)

Mechanical systems include key components for a comfortable environment:

- **Heating:** Furnaces, boilers, heat pumps
- **Ventilation:** Natural air circulation, mechanical fans, air handling units
- **Air Conditioning:** Chillers, cooling towers, evaporators, condensers

PLUMBING SYSTEMS (🔧)

Plumbing systems maintain water supply & waste disposal:

- **Water Supply:** Pipes, pumps, valves, water storage
- **Sanitary Drainage:** Pipes, drains, traps, vents
- **Fixtures and Fittings:** Sinks, toilets, showers, faucets.

Prevent flooding &

Stormwater Management:

ELECTRICAL SYSTEMS (⚡)

Electrical systems ensure efficient power distribution & lighting:

- **Power Distribution:** Transformers, switchgear, circuit breakers.
- **Lighting:** Light fixtures, bulbs, switches, controls
- **Wiring and Cabling:** Connect devices, outlets, fixtures.
- **Controls and Automation:** Improve energy efficiency & comfort.

RANGE OF MEP SERVICES

Bridging the future

TELECOMMUNICATION

A DECADE OF INNOVATION

With a decade of experience in telecom, we are dedicated to enhancing its services as the modern landscape evolves.

A CATALYST OF TRANSFORMATION

Telecom revolutionizes global connections, vital in business, education, healthcare, and entertainment. Innovations like 5G, IoT, VR, and AR shape the future.

OUR PLEDGE

We stand committed to fulfilling client needs while harnessing cutting-edge data-driven and technology-supported solutions. Our staff is driven by values that deliver not just outcomes but satisfaction.

NAVIGATING THE DIGITAL FRONTIER

Our digital professionals are adept at solving challenges with timely solutions. Armed with the latest industry technologies, they empower your business to collect data and expand through ingenuity and intelligence.

EMPOWERING MODERN BUSINESS:

Telecom is the cornerstone of modern businesses and industries, connecting diverse technologies & services, from data transmission to internet connectivity, ensuring global communication.

NURTURING PROGRESS

Telecom implementation has profound consequences across communication, economy, healthcare, education, public services, and emergency response. Strong telecom systems are crucial for social progress and inclusive growth.

EXPERTISE BEYOND MEASURE

We have vast experience in telecom tech, covering Active and Passive products. Our skilled staff provides start-to-finish turnkey solutions.

YOUR HIGH-END SOLUTION

Choose Legendary Vision to propel your business to new heights. Our smart solutions drive success and growth.

YOUR HIGH-END SOLUTION

If you seek a partner to propel your business to unprecedented heights, Legendary Vision is the answer. Our effective, efficient business models offer intelligent solutions to complex problems, driving success and growth.

Legendary vision

INFORMATION TECHNOLOGY

Legendary Vision proudly stands as the global provider of IT hardware and solutions, catering to businesses and public organizations striving to build optimal infrastructure. With an impressive market experience of 12 years, we craft solutions that harness current technological trends and their impact on the world and society.

PIONEERING IT SOLUTIONS

We're a trailblazing force in delivering enterprise grade networks, servers, software, & IT hardware. Our commitment lies in staying at the forefront of industry trends, consistently expanding our product range to meet and exceed customer expectations.

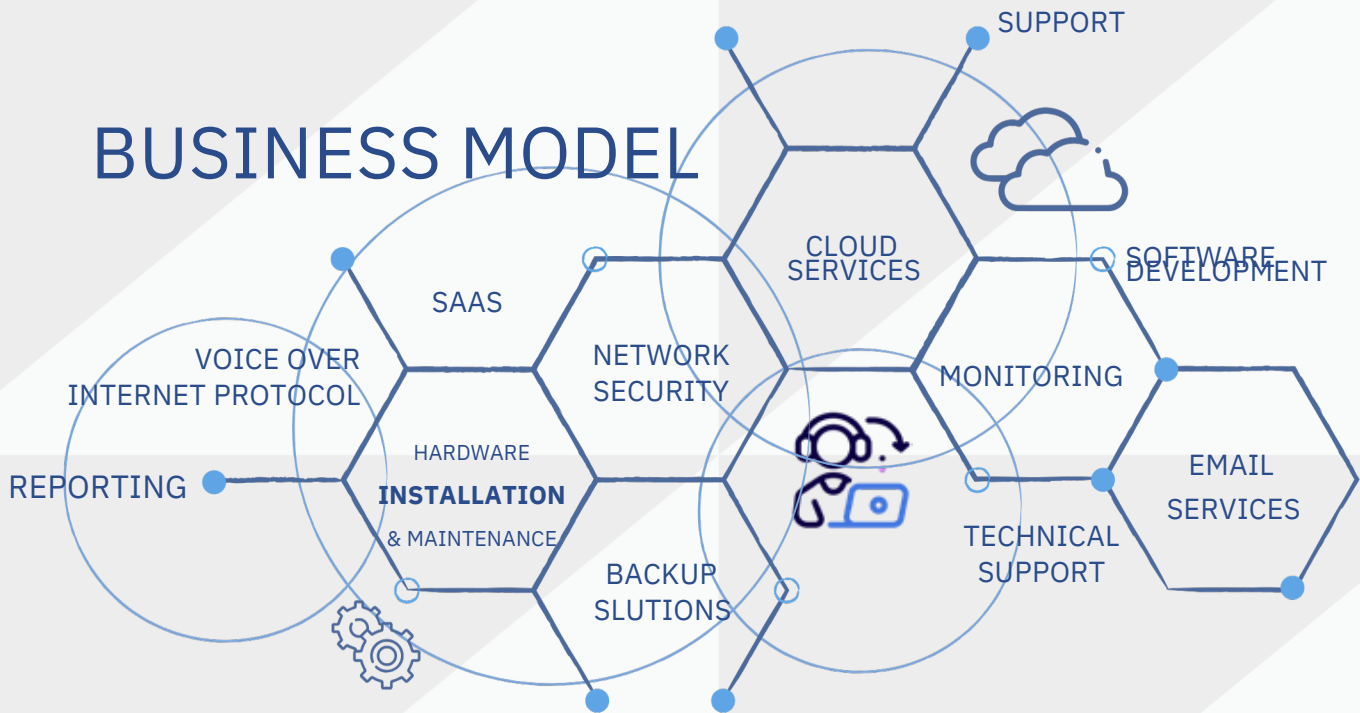

A HOLISTIC APPROACH

Modern IT deployments are intricate, built on dynamic hybrid environments. The challenge lies in maintaining 100% service availability. Operational hiccups often lead to poor Service Level Indicator (SLI) performance. To overcome these challenges, organizations need to break down silos and visibility gaps, embracing holistic IT Service Management (ITSM). Legendary Vision emerges as the solution to make this transition possible.

HEARTBEAT OF MODERN OFFICES

In today's world, IT services are essential for modern offices, ensuring seamless operations from communication to technology maintenance.

BUSINESS MODEL

Cloud Services: Harness the power of the cloud to access technology from anywhere, anytime.

Backup Solutions: Safeguard your data through robust backup systems, protecting against loss.

Monitoring: Keep a vigilant eye on your network and devices to ensure seamless operations.

Information Reporting: Gain insights into your organization's tech use and optimize operations.

Software as a Service (SaaS): Access essential software through convenient subscriptions.

Troubleshooting and Technical Support:

Overcome technical glitches with professional guidance.

Hardware Installations and Maintenance:

Ensure optimal hardware performance & longevity.

Voice over Internet Protocol (VoIP): Revolutionize communication with internet-based calls & messages.

Network Security: Fortify your network against unauthorized access, cyber threats, and more.

Email Services: Ensure smooth communication and customer relations with professional email services.

Remote Support: Swiftly troubleshoot and repair technical issues, even remotely.

Software Development: Tailor - made software solutions to fulfill your unique business needs.

Technology Training: Empower your team with comprehensive training on new technologies.

Business Models: Our services are offered through flexible models to suit your needs.

EMPOWERING SUCCESS

At Legendary Vision, we recognize that the success and growth of our clients in today's digitally-driven world rely heavily on robust IT services. With a team of skilled professionals, an extensive service range, and an unwavering focus on technology trends, we pave the way for your success in an increasingly connected landscape.

Legendary vision

CONSTRUCTION

Legendary Vision is a full-service construction company specializing in diverse projects, from retail centers and hotels to offices, medical facilities, and industrial buildings. With a seasoned team of general contractors, construction managers, and engineers, we offer design, project supervision, and technical expertise. Committed to efficiency and safety, we deliver high-quality products promptly.

PROJECT PLANNING AND DESIGN:

From feasibility studies to permits & approvals, we cover all aspects of design.

PRE-CONSTRUCTION:

We handle site selection, cost estimation, scheduling, and procurement.

CONSTRUCTION EXECUTION:

Our services range from site preparation to quality control.

PROJECT MANAGEMENT:

We supervise, track progress, manage risks, and ensure clear communication.

POST-CONSTRUCTION:

Commissioning, handover, and ongoing maintenance services complete our offerings.

With 5 years of experience, we emphasize professionalism, safety, and client satisfaction. Our aim is to become a world-renowned company in this sector, guided by core values of integrity, quality, and environmental responsibility. Our track record, including minimal work-related injuries, underscores our commitment to excellence. Contact us for your construction needs; we deliver on time and on budget.

CONSTRUCTION SERVICES

We collaborate with architects, engineers, contractors, and more to deliver safe, functional, and attractive structures that meet client needs and industry standards.

Legendary vision

OPERATION & MAINTENANCE

Our Operation & Maintenance (O&M) services are the cornerstone of operational efficiency and reliability across industries. We understand the pivotal role O&M plays in modern businesses, ensuring safety, regulatory compliance, and environmental responsibility.

HARD SERVICES (HA)

Hard services ensure structural integrity & safety:

- **Electrical Services:** Installation, repair, maintenance
- **Mechanical Services:** HVAC, plumbing, water supply
- **Building Maintenance:** Structural repairs, roofing, pest control.
- **Fire Safety Systems:** Alarms, sprinklers, extinguishers.
- **Elevator Maintenance:** Vertical transportation systems.

SOFT SERVICES (SA)

Soft services prioritize well-being and aesthetics:

- **Cleaning and Janitorial:** Regular cleaning, window cleaning
- **Security Services:** Access control, surveillance, security personnel
- **Catering and Hospitality:** Cafeteria services, event planning
- **Landscaping and Maintenance:** Outdoor spaces, gardens, lawns
- **Pest Control:** Hygienic environment
- **Waste Management:** Collection, disposal, recycling

1

EQUIPMENT & FACILITY MANAGEMENT

Preventive, corrective, and predictive maintenance strategies to maximize efficiency.

2

ASSET MANAGEMENT

Optimize asset lifecycle, cost reduction, and compliance.

3

HEALTH & SAFETY COMPLIANCE

Ensure regulatory adherence, implement safety protocols, conduct audits, and train staff.

4

ROUTINE INSPECTIONS

Proactive monitoring to prevent disruptions.

5

EMERGENCY RESPONSE

Minimize damage and downtime through well-defined plans.

6

ENERGY EFFICIENCY & SUSTAINABILITY

Reduce costs and environmental impact.

7

DATA ANALYSIS & REPORTING

Informed decisions and optimized maintenance.

8

SUPPLIER & VENDOR MANAGEMENT

Ensure timely deliveries.

9

TRAINING & SKILL DEVELOPMENT

Enhance staff skills.

10

CONTINUOUS IMPROVEMENT

Enhance efficiency and reliability.

11

QUALITY CONTROL

Ensure products meet standards.

12

SECURITY SERVICES

Maintain safety through technology and emergency support.

13

MAINTENANCE PROJECTS

Ensure facility functionality.

14

CLEANING SERVICES

Professional and dedicated cleaning.

15

TECHNOLOGY MAINTENANCE

Ensure technology reliability.

16

STAFF SUPPORT

Bespoke support for staff.

17

REAL ESTATE MANAGEMENT

Property maintenance and cleaning services.

Legendary vision

O&M PARTNER

Our five years of industry insight underpin our commitment to professionalism, safety, and client satisfaction. We aspire to become a globally recognized name, guided by integrity, quality, and environmental responsibility.

DELIVERING EXCELLENCE

Our track record, including minimal work related injuries, showcases our commitment to excellence. Clients rely on us for on-time, on-budget delivery and the highest quality products. Our passion for sustainable practices is transforming the industry.

EXPERTISE YOU CAN TRUST

Our experienced staff, spanning the construction industry, guarantees our clients the best in building and renovation remodeling. Our strong culture, extending to our clients, emphasizes timely, budget-conscious projects in a professional environment.
